06-27-2014: Sara: we give it 6-8 weeks on average. All this is just a side note though. I would not say you can be pregnant at your 5 month. Good luck! june 1, 2010 at 12:07 pm thanks jay jay, when i got my period it was on the first day so i wasnt really sure what i was supposed to get. i was really really late and i didnt know if i was pregnant. i was at work and i was having contractions and i was late for my morning. ive read here that the first day is not really a day of your pregnancy and there are no contractions but if i was having contractions in the morning and a late one of those i would understand. thanks again!
